

Passion

Worksheet

Reflect on your current work. Using the Passion Chart below, you can categorize your work in four areas:

- Things I like and do well
- Things I like but do not so well
- Things I do well but do not like
- Things I do not like and do not do well

Spend some time reflecting on the following questions and / or discuss them with someone who knows you well:

- How many work tasks fell into each category?
- Which tasks take up the most time?
